Canadian Addiction Treatment Centres

Empowering Canadians in recovery for almost 30 years

Canadian Addiction Treatment Centres (CATC) is Canada's largest provider of recovery programs and supports for substance use disorder and addictions. With over 80 outpatient and inpatient facilities across Canada, we offer comprehensive evidence-based care that meets people where they are in recovery, with compassion and respect.

Founded in 1995 in response to an immediate need for expanded access to accessible opioid use disorder treatment in Ontario, CATC has quickly become Canada's leading community care partner supporting people experiencing substance use disorder and behavioural addictions, as well as concurrent underlying mental health conditions.

Today, we help thousands of people every day live their best quality of life, at any stage of recovery.

Canada's largest accredited recovery network

CATC provides best-in-class, evidence-based recovery programs across the full spectrum of mental health and addictions.

Why people choose us

Accredited for Excellence

Our centres adhere to the highest possible standard of care, and are accredited by both Accreditation Canada and CARF International.

Rapid & Barrier-free Access

Our outpatient opioid use disorder treatment centres offer same-day program starts, without an appointment.

Virtual Care

We use technology to connect our patients with the help they need, and offer a 100% virtual treatment program that can be accessed anywhere, any time.

Compassionate and Welcoming

Our care teams are committed to creating a judgement-free, friendly and respectful environment for all.

Holistic Approach

Our programs treat the whole person, not just the addiction, meeting their complete needs with supports that ensure the best chance of recovery.

Safe and Inclusive

We offer culturally-appropriate and inclusive programs for people from all walks of life, including working with local Indigenous communities to create capacity for recovery services grounded in their culture and beliefs.

Evidence-based

Our clinical teams are experts in their field, and use best-in-class medically-proven treatments and therapeutic approaches to set people up for success in reaching their goals.
